### Introductory note

#### **This introductory note does not form a part of the notice**

The following notice gives notice of the variation of an environmental permit.

This variation is to include the EWC code 20 03 03 – Street cleaning residues into the permit, allowing for the receipt and treatment of this waste stream into the on site Soil Treatment Facility. In addition we have updated the Schedule 1 Activity from a *Section 5.4 Part A (1)(c)(iii)* to a *Section 5.3 Part A (1)(a)(vi)* in line with the Industrial Emissions Directive (IED) as per Table S1.1.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
